

DRAYTON DAZE PRE - CHRISTMAS SALE EVENT

NOVEMBER 4, 5 AND 6

Pre-Christmas shopping values are offered this week to Drayton Valley and area shoppers by local merchants for Drayton Daze, November 4th, 5th, and 6th.

As well as bargains, shoppers this weekend will also have the opportunity of winning prizes at the business places of participating merchants, or a chance on a major prize of \$50. in Drayton Bucks or one of five secondary prizes of \$10.

All participating businesses are offering individual draws for a variety of prizes. The draw for Drayton Bucks Saturday will climax the three-day shopping spree.

A list of participating business places is printed elsewhere in this issue. Check the ads this week and make sure you fill out the lucky coupons available in stores it could be your lucky day to take home a prize from your shopping trip.

A new Drayton Valley Town Council started work for the next three years with oaths of office accepted by Mayor Lloyd MacLean (left). Others from the left are Councillors M. Helm, R. Smith, Mrs. C. Waugh and A. Zubot.

BARRHEAD ACCEPTED AS MEMBER N.C.A. LEAGUE

BY DOUG BARNES

Barhead has been accepted as a new expansion team into the North West League which now consists of Drayton Valley, Wetaskiwin, Camrose, Westlock, Stettler and Fort Saskatchewan.

Westlock came into the league last year on a one-year trial basis and had to be voted in this year as a permanent member of the N.C.A.H.L. This was voted down at the league meeting, but the team was accepted back for one more year along with Barhead.

The league has been split into two divisions, north and south. Barhead, Westlock, Fort Saskatchewan and Drayton Valley are in the North Division. Camrose, Wetaskiwin and Stettler in the South Division. An interlocking schedule will be played, two game home and home.

The north and south division teams will each play a 32 game

schedule with six games being interlocking (e.g.) the Rebels will play Camrose, Wetaskiwin and Stettler once at home and once away and 26 games against Barhead, Westlock and Fort Saskatchewan.

The Rebel hockey club seems to have a lot of talent in camp this year, more than this writer has ever seen at this time of year. At first look I would say they should be 40% better than last year.

Alvin Hopfe is back and looking good. Gary Pankewicz is back after a couple of years absence to supply some more muscle. Donnie Born is back with his special skating and checking talents. It looks like Barry Ness is back to stay and is in for the best season he has ever had, skating well

and shooting hard.

Sam Belcourt is out to coach and play the Rebels to the League and Provincial Championship this year. To help the Rebels to this

Mobile Clinic to Arrive Here Friday

The Alberta Tuberculosis and Respiratory Disease Association has announced that the free mobile chest X-ray clinic will be in operation at the Drayton Valley Curling Rink from Friday, November 5th to Friday, November 12th.

Hours of operation are as follows:

Friday, November 5, 1971 - 9:00 a.m. - 12:00 noon and 1:00 p.m. - 2:30 p.m.

Monday, November 8, 1971 - 1:00 p.m. - 5:00 p.m. and 6:00 p.m. - 8:45 p.m.

Tuesday, November 9, 1971 - 1:00 p.m. - 5:00 p.m. and 6:00 p.m. - 8:45 p.m.

Wednesday, November 10, 1971 - 9:00 a.m. - 12:00 noon and 1:00 p.m. - 5:00 p.m.

Friday, November 12, 1971 - 9:00 a.m. - 12:00 noon and 1:00 p.m. - 2:30 p.m.

Adults in the surrounding area of Drayton Valley will be receiving appointment cards this week for the time at which to come to the Chest X-Ray Clinic. We hope you will try to come in the time appointed. We realize this is not always possible with working men and women. If you can not keep your appointment time you will be accommodated while the clinic is here in Drayton Valley.

If you do not receive any appointment card and are an adult you may attend the Chest X-Ray Clinic as well.

The clinic will be held in Lodgepole on Monday, November 15th from 1:00 p.m. to 2:30 p.m.

Committee Heads Named by Council

Inaugural meeting of the Drayton Valley Town Council was held in the Council Chambers Monday evening, October 25th.

Members present took oaths of office, standing committees were named, and the course for the ensuing three years charted.

Town Administrator W. Johnneson took the oath of Mayor Lloyd MacLean who then performed the oath-taking ceremony for Councillors Waugh, Helm, Zubot and Smith. Councillors Mayhew and Huber were absent and will be sworn into office at the first regular meeting.

Committee chairman were named for a one-year period, with changes likely at that time. Committee heads were named as follows: Finance and Personnel, R. B. Smith; Development and Publicity, W. R. Mayhew; Public Works, R. Huber; Welfare and Health Services, C. Waugh; Recreation and Community Services, M. Helm; and Protection to Persons and Property and liaison with other Governments, A. Zubot.

All members of council will serve as Deputy Mayor for six-month periods starting November 1st with Councillor Smith followed by Helm, Waugh, Mayhew, Huber and Zubot.

Regular meetings of council will continue on the 2nd and 4th

Thursday each month.

A change in winter and summer meeting times has been established this year. Meetings will start at 1:30 p.m. from November 1st to April 30th and at 9:00 a.m. from May 1st to October 30th.

During July and August only one regular meeting will be held each month on the 4th Thursday.

The meeting regularly scheduled for November 11th this year, has been advanced to November 10th.

Many Nominations For County Election

Twenty-six Candidates are in the race for six Parkland County Council seats to be contested in an election on November 24th. The seventh divisional office was filled with the re-election of Councillor Ivan Vowk by acclamation.

Candidates by division, are as follows:

Division One -- D. Thomas, R. Bailey (incumbent), R. Abraham, T. Tilz and E. W. Hillyer.

Division Two -- William Rolls, L. Miller (incumbent) and R. Pearson.

Division Three -- D. Laurie, P. Bakker (incumbent) and S. Pickering.

Division Four -- H. Tyrrell, R. Atkins, J. Regamy, L. Rowe, J. W. Fuhr, P. Gray and T. Rowe.

Division Five -- A. Reich, A. Lenz, J. Ferrier, G. Mann (incumbent) and M. Grande.

Division Six -- Carl Goertz, Del Gainer and M. McCullagh. Division Seven -- Ivan Vowk elected by acclamation.

Missing from the nominees in Division Six after more than 20 years municipal service, is the name of Rusty Zander. Mr. Zander was elected as M.L.A. for the Drayton Valley Constituency in the August provincial election.

Only other member of the last council not seeking re-election is Mr. Roy Lent who represented Division Four. Mr. Lent has been quite ill for several months, and although now on the mend, decided against seeking re-election.

Unifarm To Conduct Survey

A province-wide survey of farmer opinion on current agricultural issues is to be undertaken by Unifarm, in conjunction with its annual drive for membership.

"The issues facing farmers today are highly complex and ever-increasing in number, which makes it essential that every farmer, whether or not he is a member of our organization, be contacted regarding his concerns and opinions," says Unifarm president Dobson Lea.

Mr. Lea also told a meeting of Unifarm officials in Edmonton last week that the results of such a survey will aid the policy-making structure of Unifarm and will tell the organization how it can improve its service to the farm community.

Alberta's Deputy Premier and Minister of Agriculture, Dr. Hugh Horner, who is acting as Honorary Chairman for the Unifarm project, said in a statement to the group that government wants to see an efficient communications system operating between it and farmers, and that "Unifarm can assist in a very material way in this objective."

D. V. Highlights

BY MRS. EDITH DEBY

Mr. and Mrs. White and family, of Clover Bar, were weekend visitors with Mrs. White's mother, Mrs. Fanny Davey. Mrs. White has just returned from a holiday in England where she visited several relatives.

Miss Ellen Cuthbertson, daughter of Mr. and Mrs. William Cuthbertson, visited with her parents for a week. Miss Cuthbertson is a nurse in Morden, Manitoba.

Pegglea Dean, of Easyford, had the misfortune to get a dislocated shoulder, broken arm and four broken ribs when she fell from her horse.

Congratulations to Mr. and Mrs. John Robert MacKenzie Jr. on the arrival of a fine son born at the Misericordia Hospital on October 20th. Alan John Robert weighed in at six pounds six and one half ounces.

Congratulations to Mrs. Olga Brown who will receive her Bachelor of Education degree at this Fall's Convocation.

Mrs. Jason Hazzard is home from hospital and is convalescing after major surgery. Best wishes for an early and complete recovery, Mrs. Hazzard.

A son, Scott Robert John, was born to Mr. and Mrs. Grant Mastre in Pincher Creek on October 23rd.

Congratulations to Dennis Rendflesh, son of Mr. and Mrs. Gene Rendflesh, who has obtained his Master's Degree in Mathematics.

The sudden passing of Mr. William Albrecht, of Stony Plain, came as a shock to his relatives and many friends. Mr. Albrecht was quite well known here. His wife is the former Nora Wall who grew up in Rocky Rapids.

Mrs. William Medwed has received the disturbing news that her son-in-law, John Gowda, has been very ill with infectious hepatitis. It is believed that John picked up the bug while working in Hong Kong but it was not until he reached England that he became ill.

Mrs. Edith Dunington, now of Summerland, has been visiting in town. The George Comeaus picked her up on their way home from Vancouver and she has been staying with them and with the Nick Urchishyns. Next time please stay longer, Mrs. Dunington.

Larry Beckett is visiting a college friend in Portland, Oregon for an indefinite stay. Larry had expected to go to Australia with a group of other agricultural students but at the last minute the tour was cancelled.

Very best good wishes for future happiness go to Mr. and Mrs. Calvin Wall, nee Cheryl Smith, who were married in All Saints Anglican Church on October 30th.

Congratulations to Mr. and Mrs. Terry Pickett who were married in the Drayton Valley United Church on October 30th.

Glider Flights to be Held For Cadets at Mobil Strip

On October 17th, twenty-two Air Cadets were given familiarization flights in locally-owned aircraft.

On behalf of officers, Cadets, and Civilian Committee a note of thanks was given to the owner-pilots who so generously donated their time and planes to this cause. Thank you - Mr. John Bootsma, Mr. Alex Nekoliachuk, Mr. Bob Waddell and Mr. Roy Burrows.

Some of the cadets have had gliding familiarization flights at the summer camps at C.F.B. Penhold. Now it is hoped to have a first in Drayton Valley and have the glider and tow plane come here for one day.

Weather permitting and plans going according to schedule, all cadets will have the opportunity of a flight in a two seater glider on Sunday, November 7th.

Sincere thanks are extended to Mobil Oil of Canada for allowing the Cadets to use the Drayton Valley Mobil airstrip for this purpose.

The committee also extends apologies to any local pilots flying that day for any inconvenience caused as obviously the glider has absolute priority for landing and of course has to be moved off

the runway after it has landed. The Air Cadet gliding program is well supported now and a much greater expansion of this program has been planned for 1972.

This was made clear at the Air Cadet Commanding Officers Conference and the annual meeting at the Alberta Provincial Committee Air Cadet League of Canada held at C.F.B. Penhold October 23rd and 24th and attended by the 733 Squadron Acting C.O. and Mr. Vernon Ranks, Civilian Committee Chairman.

It was also disclosed that a new style uniform, common for all service cadets, is to be selected shortly, and that they will start being issued towards the latter part of 1972.

There are still a few vacancies in the Squadron before the quota is reached.

Any young men between the ages of 13 years and 17 years and interested in joining the Air Cadet organization, please attend the weekly parades at 7:00 p.m. at the Frank Maddock High School. The opportunities are there for glider pilot and pilot training courses, technical, athletic and senior leader courses held in the summer school vacation period, also exchange visits

to Canadian and foreign locations.

Squadron 733 will again be helping their sponsoring organizations - Br. 269 R.C.L. and Br. 269 Ladies Auxiliary with the annual Poppy Campaign. As November 11th falls on a Thursday there will be no parade at 7:00 p.m., however there will be a parade for the Remembrance Day Service - Fall in time 10:15 a.m. outside the Legion Hall in uniform and it is hoped that all cadets will attend.

Other activities planned for the squadron are - Chocolate Sale, Hawaiian Draw Ticket Sale, winter survival bush camp, intersquadron visits, Canadian Forces familiarization flights along with a visit to ground facilities at CFB Nameo.

Selection boards for summer courses will be held in good time for those cadets wishing to take advantage of the subjects offered. These are competitive and a further board at Provincial level will select the final candidates. A percentage of the Squadron strength will get to the annual Cadet summer camp - only those that have attended the best part of the years training program are eligible for these summer events.

Shriners, Lions Launch \$500,000 Sweepstakes

Close to 10,000 Alberta business men, whose off-hours efforts go to helping others, last week kicked off a sweepstakes that is expected to raise \$500,000.

The men, members of the Shrine Clubs and Lions Clubs of the province, have banded together to stage the first legal Canadian Sweepstakes whose profits will go to hospitals, health care and community projects.

Cash prizes in the sweep will total \$100,000. There will be early bonus draws - New Year's, Valentine's Day and Easter, with the main drawing to be held May 24, 1972.

Drayton Valley Lions Club prepared to get sales underway in the area last week with Fred Kaarsemaker named the local ticket agent.

Mr. Kaarsemaker said the Drayton Valley Club is interested in contacting residents of the town and surrounding area who would be willing to help with ticket sales on the regular commission basis. Anyone interested may contact Mr. Kaarsemaker at Box 572, Drayton Valley, or phone 542-4636.

To operate the sweepstakes, which has approval of the Alberta attorney-general's department, the two sponsoring organizations formed the Shrine-Lions Sweepstakes Association this summer. This step was taken after many months of pre-organizational meetings between representatives of both organizations.

Co-ordinator of the sweepstakes is Al Richards, a Lion who heads up the main office staff in Calgary.

Hundreds of other Shriners and Lions from throughout the province are involved in committee work and several thousand more in ticket sales.

William Hawrelak, Committee Chairman, explains the division of proceeds and the use of the funds:

"Sweepstakes profits - which we hope will reach \$500,000 - will be divided equally between Lions and Shriners or \$250,000 each."

"Lions will put a substantial amount of their proceeds into medical research and education. The balance of Lions' funds will be divided pro rata between all participating Lions Clubs for spending on local community projects that run from senior citizens centers and parks, to aid for the sightless and scholarships."

"The Shriners, through Al Azhar temple, will put their entire proceeds toward Shrine-built and Shrine-operated hospitals for crippled children and treatment of severe burn cases."

"Our clubs are hopeful that the people of Alberta will support these worthwhile efforts by purchasing tickets - even if they don't need or don't want to win one of the cash prizes," Hawrelak said.

Shrine-Lion sweepstakes tickets will sell for \$2.50 each. They go on sale officially November 1st.

Seven months later prize winners will be richer by \$100,000 and hundreds of thousands of dollars will be put into projects to make life richer for many, many others," William Hawrelak said.

GAINFORD NEWS

Mr. and Mrs. W. Panchuk have returned from a holiday to Ottawa Ontario, where they visited their son and family, Mr. and Mrs. Alfred Panchuk and two boys. They went by train and Mrs. Panchuk said she enjoyed it very much. Different from our usual car travel of these days. It has been six years since they had a visit with Al and he is in the Air Force so was travelling and on the move so often with his work.

Mrs. Harry Clarke is home from a week with her niece, Mrs. Henry Hauer of Valemont, B.C. Mrs. Hauer was just out of the hospital so Mrs. Clarke helped her and was company while she was recuperating.

Little Karen Hauser was home for a day or two, but not well enough to stay. She was taken again to the General Hospital this week.

Mrs. Agnes Miller is in the Stony Plain Hospital. I am sure all your friends hope you will be feeling tops again soon.

It think now as a member of Gainford Order of the Royal Purple we wish the best of health to Donna Tinney who is also in the hospital this week. Donna doesn't live in Gainford but she is one of us.

Mrs. Klovansky is the busy one among us, but she always has time for a visit or a chat by phone. She is quilt making this week and had myself and Mrs. Bud Lenz to visit her.

Six ladies gathered at the home of Mrs. Carol Lenz for morning coffee and a tupperware party on Wednesday, October 20th. As a gift for the party Carol received a set of refrigerator bowls.

At the Lawley house it is the usual round about. Mrs. Woodley

got herself settled in the Pleasant View Lodge, Mayerthorpe; now she is visiting in Gainford. Mr. Fred Woodley and Annie Lawley came for a visit one evening. Mrs. Eva Lawley had an interesting Artx Paint Party at the home of Mrs. Denis Ambrose on Wednesday afternoon. The ladies painted "a horn of plenty". Mrs. Ambrose received a Christmas stamped table cloth to paint for her hospitality and chose several tubes of paint for her effort in making it a success.

Miss Annie Lawley spent the weekend with Miss Iris Kereluk at Gainford. Clifford Kereluk was also home for the weekend.

Mrs. Bernice Beach of Evansburg arrived to visit Grandma Woodley and Mrs. Lawley.

4-H Club to Reorganize

The year end meeting of the 4-H Beef and Mutton Club of Drayton Valley was held on October 26th at Ken MacKenzies. Discussed at the meeting was old and new business.

The old business was that of the windup banquet. It was decided to hold it on November 20th.

The new business was that of the new 4-H Club. There is to be a meeting at Stan Romanchuk's on November 9th at 7:30 p.m. for the reorganization of the new club. Anyone interested in a 4-H Club of Beef and/or Sheep is invited to come.

The club members extended thanks to Mrs. MacKenzie for the tea and cake which she served after the meeting.

SALE SUCCESS

The first Canadian Maine-Anjou sale was held in Edmonton, Wednesday, October 20th. A large, enthusiastic crowd was in attendance to see the first Canadian appearance of cross-breds from the Maine-Anjou breed.

The Maine-Anjou cattle are

recognized as the largest of all French breeds, and carrying the particular advantage of very high twinning factor, were sold at excellent prices.

First in the ring were the 1970 bred females to provide a three-quarter bred calf next year. They sold for a top of \$2375.00 and for an overall average of \$2075.00.

DONATO
TELEGRAM SYNDICATE

Report From Parliament Hill

By Allen Sulatycky, M.P.

Many of the political observers from all parts of the world watched this country closely during the recent visit to Canada of Alexei Kosygin.

As Chairman of the council of ministers of the Union of Soviet Socialist Republics, Mr. Kosygin is one of the three most powerful men in the USSR, the other two being President Podgomey, and Communist Party leader Brezhnev.

This was the first time a Soviet leader has visited Canada. The invitation was issued by Prime Minister Trudeau during his visit to the USSR earlier this year.

If one discounts the various agreements and peaceful overtures made by the leaders of the two nations on their respective visits, he would still have to realize that the very fact that the exchange of visits took place was a welcome thaw in the previously icy relations between our two countries.

A few short years ago, many Canadians put emphasis on making preparations for war with the USSR, even to the extent of equipping their homes with bomb shelters. It must have been a welcome development for these people to see, on the arrival of Mr. Kosygin, he and the Prime Minister greeting each other not only in an air of diplomatic courtesy, but of genuine friendship as well.

During the visit of Mr. Kosygin, an agreement was signed which will facilitate an expansion in

programs of scientific, technical, and cultural exchanges. This not only means that more exchanges of information in these fields will take place, but that many Canadians engaged in these fields will have a chance to visit the Soviet Union, and their counterparts there will visit Canada. By bringing the people together, it is foreseeable that the many similarities and mutual goals of our populations will be fully realized.

Of course, the possibilities of

increased trade opened on Mr. Kosygin's tour are most welcome to Canadians, especially since recent developments have brought to light the instability of a heavy reliance on one trading partner.

As has been more than well reported, our guest encountered many groups of protesters along his journey to five Canadian cities.

It is unfortunate that the very small group of militant and irrational people, exemplified by the man who managed to attack Mr. Kosygin on Parliament Hill, made it necessary to cloak the Chairman in security so tight as to make it almost impossible for the peaceful and positive majority of protesters to be heard. They, however, I am sure, did manage to leave an impression on him.

Canada and the Soviet Union are relatively close to one another physically. Both nations can but benefit by closer relations generally.

LEGISLATIVE REPORT

By Kevin Peterson and Don Sellar (Of the Calgary Herald)

The Conservative government is planning to introduce changes in Alberta's industrial assistance program which will make more businesses eligible for greater levels of help.

Industry Minister Fred Peacock says he would like to see agricultural and service industries made eligible for government aid under a plan launched this year by the old Social Credit administration.

The Conservatives pledged a \$50 million fund for industrial development over the next five years, compared with the Socreds \$10 million, three-year program.

Mr. Peacock, a Calgary business man and former chamber of commerce president, wants to do away with the forgiveable loan provision under which the Socreds agreed to cancel loans when an industry or business is successful.

"I am also going to try to bring the western provinces together to eliminate giveaway programs and our attempts to outbid each other," he says.

The new industry minister instead looks to the provision of marketing and management aids to business men as legitimate forms of government assistance.

The creation of an effective research and development arm of

government is another of Mr. Peacock's pet projects for the months ahead, as he reorganizes the industry department to stress its role in trade and commerce.

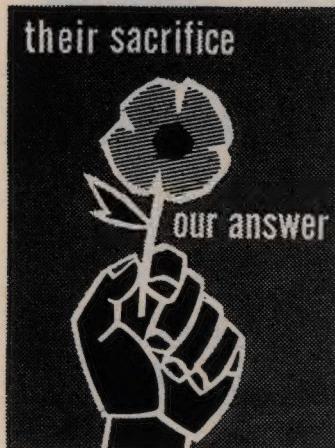

One difficult project on the minister's desk is his proposal for Alberta to assume control of Department of Regional Economic Expansion money being spent in the province by the federal government.

"We would like to be in full charge of the program and the spending for Alberta," he says.

Mr. Peacock outlines four objectives for his department: aim programs toward labor intensive industries and export markets, renew efforts for lower freight rates, establish private sector advisory councils and review Alberta's trade offices around the world.

Another scheme on the drawing boards is a marketing council for agricultural and industry representatives "because the same problems apply in both areas," he says.

There are also indications Mr. Peacock may change the industry department's name to reflect its role in export matters and to bring it in line with similar department in other provinces.

"Be Safe -- Be Seen"

The Canada Safety Council is encouraged by the increasing use of retro-reflective material in children's clothing. This material greatly increases the visibility of children to motorists in the dusk and dark.

This is the time of year when pedestrians are exposed to much more dusk and nighttime traffic with the decrease in daylight.

Retro-reflective material reflects back car lights into the eyes of motorists, making the pedestrians visible to them much sooner, so they can slow down in time or stop in time to prevent an accident.

Ralph Novak's Washington

Politics Change--But Still Same

By RALPH NOVAK

WASHINGTON (CEF)

Politics is one of those abiding phenomena, like the measles and typhoons, that do not change their basic qualities as time goes by. It was back in 1774 that Edmund Burke, the British political philosopher, said, "Your representative owes you not his industry only, but his judgment; and he betrays instead of serving you if he sacrifices it to your opinion."

Burke was talking about one of his favorite subjects, the problem of deciding where, assuming he has one, a legislator's conscience should be based—in his own beliefs or in the wishes of the people who elected him. Come now, 197 years later, the results of a study that shows the debate is still going on. And the constituents' beliefs are losing.

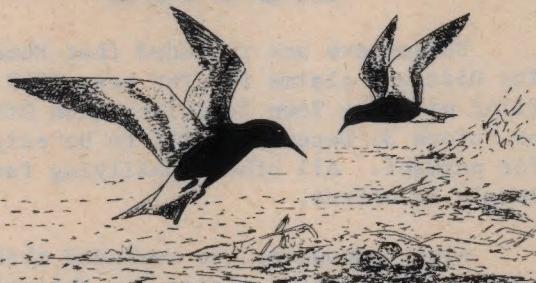

The American Business Committee on National Priorities, which was organized in 1970 by many of the same businessmen who have been active in antiwar groups, sponsored the study, which compared the voting records of 10 U.S. representatives with the opinions of their constituents. The results showed, for instance, that while polls of the representatives' 10 districts found majorities favoring withdrawal of American troops from Vietnam by Dec. 31, 1971 (the proposition also had a 47-31 per cent edge in the 10th district), only one of the representatives voted for an amendment that would have cut off funds for military activities in Southeast Asia Dec. 31.

The voters also differed with their representatives on the draft and development of the supersonic transport in most cases. But those same voters also rated the performance of their congressmen and gave all but three favorable ratings at least 61 per cent of the time, Burke's theory that representatives are better off relying on their own judgment than in reacting willy nilly to the whims of the folks back home is still alive and kicking.

With the number of U.S. servicemen killed in action in Vietnam having passed the 45,000 mark, it is coming closer to the total of World War I, in which 53,513 Americans died. (World War II cost 292,131 American lives in combat.) The total of Vietnam wounded—more than 300,000 now—is already more than in any previous war except World War II, although the total for the Civil War, 281,881, includes only Union soldiers, since the Confederate figures were never determined.

BLACK TERN

This small, black-bodied, grey-winged tern, is a common resident of prairie marshes, ponds and lakes. Constantly on the wing it flies with an erratic, twisting and turning flight, beating back and forth, sometimes low and then high, in pursuit of insects. Nests are located on mud-bars, among windrows of dead reeds or other marsh vegetation, occasionally on a floating log or a muskrat house. Eggs 2 to 4 are buff or olive in color, marked with blackish-brown.

Dear Sir:

After talking to Mr. William Yurko, Minister of Environment on Friday, 22nd October in the Drayton Valley Hotel and at the Brazeau Dam, the likelihood of a good recreational area being situated out at the Dam looks more promising.

The Pembina Oilfield Fish and Game Association has been trying to get a Provincial Campsite and Picnic Area built at this location for the last two years. Mr. Yurko said that the area has great recreational potential and requested a detailed plan and brief to be sent to him showing what the Pembina Oilfield Fish and Game Association and other surrounding Clubs have in mind. We will organize a meeting in the near future of all the surrounding Clubs interested and send in all

I discussed the problem of floating timber with the man from the Department of Lands and Forests in charge of the project. He has changed the method of removing the logs from the Abbott's ladder to a Grot Crane and now on a good day can remove 500 cords instead of 50. He said if he gets the 50 men mentioned by Mr. Yurko under the winter works program to clean up the timber lodged around the shoreline he should have all the floating timber out by the end of next summer and there would just be small cleaning up to do the next year.

Yours faithfully,

Dear Sir:

Regarding the proposed County By-Law prohibiting the discharging of guns and other firearms on the roads, road allowances and on private property without the written consent of the owner in the County of Parkland, our representation from the Pembina Oilfield Fish and Game Association was refused entry into the Council meeting after previously obtaining an appointment by phone with Mr. Schuster's Secretary.

However, we have obtained an appointment with the Council on 12th November, 1971 at 2:00 p.m. so if anyone still wishes to write to Mr. Schuster against the By-Law being passed still has time.

Yours faithfully,
R. Kirkup,
President.

Meeting of the School Committee of the County of Parkland No. 31 held in the county office on Tuesday, October 19. Minutes as recorded by the Assistant Secretary-Treasurer but not yet officially adopted by the school committee.

Present were messrs. George Mann, J. W. Tyler, L. N. Miller, Peter Bakker, Ivan Vowk, Don Gylander, Mrs. E. P. Howery and Mrs. A. C. Kitzinger, School Committee Members, also Superintendent of Schools, Mr. M. Holman and Assistant Secretary-Treasurer, A. W. Boychuk. Mr. O. W. Schuster, County Secretary-Treasurer and newly elected representative for the Town of Drayton Valley, Mr. Kees Krabbe, also sat in at the meeting.

The minutes of the last meeting were adopted as presented.

Mr. T. Darryl Hutchings of P.S. Ross & Partners came to explain his reports on Salary Administration and Organizational Commentary. These reports had previously been distributed to members of the School Committee and

also to the office Administration staff.

After presenting his reports to the School Committee, Mr. T. D. Hutchings was requested to postpone his presentation because of another interview. He will be invited to a School Committee meeting after the next County elections.

EVANSBURG HIGH SCHOOL

Mr. B. L. Stringham of the Department of Education came to see the School Committee regarding the proposed High School in Evansburg. He advised that the Minister of Education is prepared to sign the contract agreement for the school on the condition that the Yellowhead School Division and the County of Parkland withhold action to collect court costs from the plaintiffs involved in the recent action for at least one month.

After a telephone call to the Department of Education, Mr. Stringham advised that an agreement to suspend further legal action for one month would be sufficient and that the caveats against the respective properties

need not be removed.

It was moved and carried that the School Committee accept the recommendation of the Minister of Education and that any legal action to enforce collection of court costs from the plaintiffs be deferred for one month.

A.S.T.A CONVENTION

It was moved and carried that all School Committee members, the Superintendent and Assistant Secretary-Treasurer be authorized to attend the A.S.T.A. Zone 2 Convention in the Saxony Motor Hotel in Edmonton on Thursday, October 21st and that the Chairman carry the 7 ballot votes.

It was moved and carried that Miss Lois Letourneau's resignation as Cafeteria Cook, effective November 12th be accepted.

It was moved and carried that an additional School Committee Member be authorized to attend the A.S.T.A. Annual Convention in Calgary on November 7th to 10th, and that the following members attend: Mr. Don Gylander, Mrs. E. P. Howery, Mr. George Mann, Mr. Peter Bakker,

Regular Meeting School Committee

Cont. from Page 5

Mrs. A. C. Kitzinger, and Mr. R. A. Bailey.

It was moved and carried that the School Committee Chairman or his designee carry the 7 ballot votes at the A.S.T.A. Annual Convention in Calgary in November.

The meeting re-assembled after lunch at 1:30 p.m. with everybody present except Mr. R. Zander but including Mr. R. A. Bailey.

DEVON DELEGATION

A delegation from North Devon consisting of approximately 18 people and headed by Mr. and Mrs. S. Stenberg came to see the School Committee regarding school services at Devon.

Mr. S. Stenberg stated that his group requests that a Regional School District be formed under a binding agreement which could only be dissolved by the consent of at least 2/3 of the residents within the area. In lieu of the above request the delegation wants a long term tuition agreement with Devon for a definite number of pupils.

After a great deal of discussion it was suggested that a meeting of the residents of that area be held in the Clymont Hall sometime in the near future to consider this matter further.

Mr. Don Gylander now left the meeting.

Mr. Dave Thomas, Director of pupil counselling services for the St. Albert Protestant Separate S.D. No. 6 came to see the School Committee to outline the services offered in St. Albert.

He made his presentation and offered an opportunity for the School Committee members to ask questions.

It was moved and carried that Mr. Ken Giese's resignation as purchasing agent for the School Committee be accepted with regret.

It was moved and carried that the tender of Mers Construction in the amount of \$5,943.00 for constructing sidewalks at the Senior High and Elementary schools in Drayton Valley be accepted.

It was moved and carried that recommendation number 4 in the Superintendent's report be accepted and that Administration meet with the School Buildings Board to express concern over the following sentence in the letter of approval "The provision of these areas is given on the firm understanding that this school will eventually reach 24 home rooms before any further facilities may be recognized in this attendance area."

It was moved and carried that the Spruce Grove Building Committee submit a recommendation to the next School Committee Meeting regarding an Architect for the proposed new school in Spruce Grove.

It was moved and carried that recommendation number 6 in the Superintendent's report be accepted and that Mrs. A. C. Kitzinger act on the committee with the Superintendent and Assistant Secretary-Treasurer to examine offers and determine the high bidders.

Economics of Alberta Livestock Industry

The programs and policies that emphasized wheat production to the exclusion of alternative enterprises are mainly responsible for Alberta's livestock production not having reached its full potential.

In making this statement, the provincial department of agriculture's marketing economist, Roy Hurnanen, explains that the inability of grain marketing systems to signal the need for adjustment prevented the growth of feed grain production in relation to its potential as an input to livestock. He points out, however, that adjustments are being brought about as a result of there being no quotas or cash flow.

Although there is a fair potential for increased domestic beef consumption, the dramatic upswing in beef production makes a shift to a full export position very possible. However, an export position would require some sacrifice in price. On the other hand, our competitive position has improved compared with the

last time Canada was on an export basis about six years ago. The fact that the American price structure has risen considerably, a more competitive price relationship between barley and

American corn, and the considerable growth in the Alberta feedlot industry are responsible for this improvement. The floating Canadian dollar and the American surcharge on agricultural imports are the negative factors.

Hog production has expanded in its characteristic reaction to the prairie grain surplus situation, Mr. Hurnanen says. With hogs on an export basis, the Canadian dollar revaluation and the U.S. surcharge on hogs and pork have contributed to reduced prices to producers. On the positive side, the surcharge is expected to be temporary; the domestic consumption of pork has increased significantly and American producers appear to be cutting back production in response to current low prices quicker than their Canadian counterparts. The long-term

competitive position of Alberta hog producers can be favorable if a substantial feed grain base can be maintained, Mr. Hurnanen says.

The economics of Alberta's poultry industry become less important as the politics of the industry gain momentum. There is every indication that economic comparative advantage will be replaced by political comparative advantage, in which case production will be limited to a small domestic market with a slow growth potential. The long-term effects of the methods being used to solve short-term problems do not appear encouraging, according to Mr. Hurnanen.

HART CANTELON

Readers wishing to write to Mr. Cantelon are invited to do so. All letters to be forwarded to Hart Cantelon Counselling Services Ltd., 1600 Cambridge Building, Edmonton. Please include a stamped self-addressed envelope to ensure a reply.

Dear Mr. Cantelon:
My husband does not believe in thanking the children for doing jobs of any kind. He also thinks they should see things to do and do them without being told, especially the teenagers, who, as he says, "think they are so big and smart and know-it-all." What do you think about this and I sign myself a "Worried Mother."

Dear Worried Mother:
Dad and Mother are the two strongest influences in any child's life. Children always put their parents up on a pedestal pretty close to God no matter what kind of heels we may be. This they do, of course, until they reach the age of discretion when they begin to see through us as maturing young adults. If a child thinks this much of his parents during the growing years, the only way we can respond is to show our appreciation in the little ways you mention. If we don't, soon the children stop trying to please us any more and begin to show their resentment by not giving a rip what happens. Unfortunately, your husband's reaction stems from the age-old and very faulty image of what a husband and father should be, namely, king of the castle. If you are a king who needs to talk to his subjects. They are just to see what is to be done and do it. What I want to say, is, that I've worked with a great many mature and very capable adults who still don't see things to do and do them. So I can scarcely demand this kind of behaviour from my children when the adult world doesn't live up to this demand. Requirements and requests need to be repeated again and again. Eventually, some kind of stable and responsible behaviour pattern develops and at that point the child is on the road to adult living. But we don't encourage half enough along the way.

Dear Mr. Cantelon:
I have a brother who is married and has a family. He has caused so much heartache for my father and mother that they have grown prematurely old from the worry. My mother, especially has tried all these years to help him. Now she is a broken-down woman and ill from it all. It affects her so now, that when she sees or hears of him, she'll actually start talking in a nervous babble as if she were doped. I think my brother needs psychiatric help. He has been hospitalized a number of times, but is soon discharged. His doctor tells us that he has a very high I.Q. but that he tends to be living in a dream-world, and neglects his true ability. This frustrates him and makes him very hostile. I have watched him mould his personality according to the person he's talking to and is thus able to manipulate people. If anyone committed him, I am sure he would kill them when he was released. Maybe you have some suggestions.

Dear Worried:
Undoubtedly, your brother has deep mental stress. He could be

at the stage where his behaviour oscillates between normal patterns and very hostile trends. Associated with this problem, there often is an extreme cunning mind which enables him to "play-act" in almost any situation. But remember, he is an adult. He is no longer the "little boy" your parents have raised. His wife needs to take the bull by the horns and make some decisions about him. This she can do both morally and legally. You and your parents stay out of his way. But I urge you not to plague yourselves with the worry of this situation. Your mother, especially, should talk

to someone outside of the immediate family to help her get her perspective straightened out and her priorities set. Her first priority is the happiness of your father and herself as they live out the evening of the years.

Livestock Report**

The Edmonton weekly livestock report for the week ending Oct. 30, 1971, provided by the Livestock division, Canada Department of Agriculture

SALES CATTLE & CALVES CATTLE CALVES HOGS SHEEP

This week (est.)	14,400	5900	8500	4080	1690
Last week	14,278	5618	8660	4047	508
Same week (1970)	8,651	3753	4898	3526	1446

INSPECTED SLAUGHTER-Week Ending October 23, 1971

BEEF - Canada	61,368	Alberta 23,257 - 38.0%
HOGS - Canada	206,304	Alberta 41,717 - 20.2%

The volume of receipts maintained the seasonal high level, about the same as last week and 5750 over a year ago. Offerings continued to consist of mostly stock and feeder classes of which almost two-thirds were stock calves under 550 lbs. The replacements made up approximately 80% of the total run. A broad demand was able to absorb the high volume of these classes maintaining a very active market. Trading on slaughter cattle was generally active with some unevenness evident in butcher cows

SLAUGHTER CATTLE AND CALVES

Slaughter steers were not too plentiful, the few offered traded steady for the week to 31.50 with a few selling to 31.70. The butcher heifers offered sold fully steady at a practical top of 30.00 with a few showing condition to 30.40. Highly finished and overfat steers and heifers were being discounted 1.00 to 2.00. Butcher cows opened steady but were trading somewhat easier as the week advanced, selling 25 - 50 lower in spots. There was some overlapping in prices on cutter and medium grades due to a variable demand. Good bologna bulls sold at steady levels for the week. Veal and butcher calves maintained steady prices with not too many being offered.

REPLACEMENT CATTLE AND CALVES

All classes of replacements continued to trade at fully steady to firm prices. Heavy short keep feeder steers were meeting a good demand at firm prices with sales to 33.00 or more. Despite the increased volume, the stock steer and heifer calves were selling 1.00 to 2.00 higher, with a few 300 lb. steer calves topping 48.00. A few light heifer calves selling to 40.00. Good light stock cows were bringing prices of over 27.00 at mid-week.

SHIPMENTS

Last week's shipments off the Edmonton Public Stockyards were: East - 59 slaughter; 1,319 feeders. West to B. C. - 44 slaughter; 102 feeders. There were 575 feeder cattle and calves through-billed from B. C. to Ontario. Export - 43 bulls. Feeders to other than local areas - 4,733 cattle and calves to central and southern Alberta.

CLOSING QUOTATIONS

Ewes sold from \$8.75 each for culs to \$21.00 per head for two three-year-olds. Rams \$50.00 - \$85.00 per head. Feeder lambs \$18.00 - \$25.10/cwt. Good to choice butcher lambs sold through the week at \$21.00 - \$21.50/cwt.

Art Regenwetter as Secretary Treasurer. With this early start both in organization and the weather, ice should be made before long, which is nice for the sports minded. Personally I'm hoping for more of that beautiful Indian Summer of a few days ago.

Mr. and Mrs. Butch Smestad and children visited Mr. and Mrs. Adolf Smestad over the weekend. On returning to Slave Lake they took Pat's Mother, Mrs. John Hough home with them for a visit.

Mr. and Mrs. Bill Lynch and son of DeWinton spent Thanksgiving Day with her sister and family, Mr. and Mrs. Lawrence Lind.

Don't forget you have another chance at the bingo jackpot November 5th at 8:00 p.m.

Donnie Regenwetter returned to Edmonton after a short visit home. Don is working with Lyle Instruments Services, and also started his second term at N.A. I.T.

Mr. and Mrs. Orville Kiland motored to Hendon, Saskatchewan

an to attend a wedding recently. Mr. and Mrs. John Kindrachuk and Mrs. Carrie Oberg visited the Oberg home recently. Mrs. Oberg has stayed to visit for awhile.

Dale and Arnold Oberg and Alvin and Larry Platz will be leaving this week for Mayerthorpe. The rig the boys are working on will be moving there.

The company Al Bara works for has sent him to Estevan, Saskatchewan to work for a few days. He left by air from Edmonton Monday morning.

The crops are in. And in most cases, all we can do now is hope the harvest will be a good one. Do you remember having these thoughts after seeding was finished last spring? But there could be a drought. Or violent storms. Or an invasion of pests. Any number of threats could seriously reduce and wipe out a promising crop - and force a farmer to the brink of bankruptcy.

But the worry disappears for those who carry insurance.

We have been lucky in Canada. We have not faced widespread crop losses for several years. Perhaps our luck has lulled us into a false sense of security.

But not the 53,000 farmers who are carrying crop insurance this year. They know that disaster can strike without warning. They are carrying crop insurance worth \$135,000,000. this year. Crop insurance is a co-operative federal-provincial program. The federal government offers financial help and the provincial government develop the crop insurance schemes best suited to their region and crops.

The federal government pays 25 percent of the premium cost.

In other words if you buy a crop insurance policy that costs \$4 an acre the federal government pays \$1 an acre of that cost. That helps to keep the price of crop insurance premiums down to the point where more farmers can afford it. And the federal government also pays 50 percent of the administrative costs. The federal Government has been helping the provinces who offer crop insurance programs since 1959. That's when Parliament passed the Federal Crop Insurance Act. Since then several changes have been made to offer even more assistance to farmers.

For example, the federal government used to pay 20 percent of the premium costs. That was increased to 25 percent in 1966. And crop insurance used to apply up to only 60 percent of the long-term average yields. It may now apply up to 80 percent.

Another amendment was made this year, extending insurance coverage to all land which cannot be seeded or planted because of excess ground moisture, weather or other agricultural hazards. In other words, the provinces can now offer insurance against problems which prevent farmers from planting a crop.

Under this amendment, crop insurance schemes can be developed by the provinces to pay up to 80 percent of the average costs of preparing the land for seeding or planting. That includes tillage and fertilizer costs. Any farmer who already has all-risk crop insurance will be able to add this coverage.

Crop insurance has become even more important in recent months with the phasing out of Prairie Farm Assistance. With P.F.A.A. discontinued, crop insurance is the only protection against disaster. The benefits offered under crop insurance are much better than those available from the P.F.A. and income from crop insurance can be counted into the Prairie Grain Stabilization Plan, should it be re-introduced to Parliament.

If you want more information about crop insurance programs for your farm writes: Alberta Hail and Crop Insurance Corp., 1110-1st Street, S.W., Calgary 3, Alberta.

LINDALE NEWS

Lindale Hall was the scene of the Golden Spur Gymkhana Club, banquet and dance, held on October 15th. Mr. Gordon Bligh, guest speaker for the occasion gave a most enjoyable speech. Master of ceremonies for the evening was Mr. Lyle Oulton of Breton, who ably conducted the presentation of trophies, and a Dutch Auction. A hearty vote of thanks goes out to the Lindale Community Association, caterers for the banquet and lunch for a job well done.

On Saturday, October 16th, Cheryl Hemborg and Ron Hall were united in marriage. A wedding dance was held in Lindale Hall, the same evening.

The Lindale 4-H Swine Club held its banquet in Lindale School gymnasium on Saturday evening, October 16th, after a very successful achievement day. The reorganization meeting will be held on November 2nd.

Initiation Day for all the grade ten students attending Breton High School took place on Friday, October 22nd. Many weird and wild costumes boarded the school buses that morning, but from reports, a good time was had by all.

Our mailman, Orville Kiland and family are away to Saskatchewan to attend a wedding. In his absence, Mrs. Hugie is delivering the mail.

Speaking of mail - The Western Review which normally arrives on Thursdays (or on Fridays when the preceding Monday is a holiday) did not make its appearance on Thursday, October 21st, nor on October 22nd and everyone is wondering why.

Honourable Lou Hyndman, Minister of Education, has announced that at the request of the North Central School Authorities Association and the Alberta Teachers' Association, the government has assigned Mr. Elvin A. Christanson, an impartial commissioner to effect a settlement between the two associations. The decision of the commissioner will be binding on both sides.

In asking for arbitration, the two sides made it possible for the affected communities involving 20,000 students and 850 teachers to return to a normal educational situation after a two week strike.

The Minister of Education, Lou Hyndman, stated that the appointment of an impartial commissioner in this event will likely be considered by other negotiating groups should an impasse occur.

Wedding Vows Exchanged At Tomahawk Church

Bonnie Hutchinson and John Bakos exchanged wedding vows at the Tomahawk Immanuel Lutheran Church on October 23rd, 1971 at 2:00 p.m. Bonnie is the eldest daughter of Mr. and Mrs. Tim Hutchinson of Tomahawk and John is the son of Mr. and Mrs. Joe Bakos of Sangudo.

Reverend Dale Mohr officiated at the double ring ceremony.

The bride wore a floor length white dress and train with a shoulder length veil. Attending the bride were Betty Allen, sister of the bride, Susan Bakos, sister of the groom and a friend, Colleen McKay. The bride's little six year old sister Cindy was flower girl. All four girls wore identical blue, floor length gowns with long sleeves, gathered at the wrist and trimmed with white lace.

Attending the groom were John Hlabky, friend of the groom, Rick Dumont and Lawrence Lemke uncle of the bride. The ring bearer was the bride's four year old brother, Tommy.

The reception and dance was at the Tomahawk Community Hall with approximately 150 guests present. Herbert Lemke was the Master of Ceremonies. The Tomahawk Ladies Aid served at the reception.

The young couple are living in Edmonton. Bonnie is finishing her fourth year of Education at the University. John works in the C.N. building.

REEVE'S REPORT

By Les Miller, Reeve
County of Parkland

The County was saddened this past week by the sudden passing of a long time council member and a dedicated community worker, Mr. William (Bill) Albrecht. Bill served on Municipal Council 13 years, from 1952 to 1966 and with his wealth of experience in the construction business was a most valuable asset to the municipality. He was also very active in a large number of community organizations such as seed cleaning plant, R.E.A., Telephone Co., etc. etc. and never spared himself. The community shares his loss with the family and extend our heartfelt sympathy to them.

In my last report I asked for comments in regard to the proposed no-shooting by-law, and we got them, thick and fast. Many are strongly in favor and many more very strongly against. This is the information Council wants before making a decision. As yet no decision has been made as several groups still wish to make further presentations to Council. We are also having our solicitor clarify whether or not we have jurisdiction to make it County-wide, and any other implications.

Another very important item this past council meeting was a suggestion from the Minister of Culture, Youth & Recreation that we postpone the recreation plebiscite. To clarify and explain the position of the government, I include the letter which reads:

"It has come to my attention that the County of Parkland Council intends to hold a plebiscite in conjunction with the coming election, with regard to its participation in the Parkland Regional Recreation Council.

The development of regional recreation boards is proceeding rapidly in Alberta but as yet many of these systems have not had sufficient time to become established. My staff have given me to understand that Parkland region is one of the better established systems and that it has already experimented with a number of concepts that may be of value elsewhere in the province.

Since my Government has not as yet had an opportunity to assess regional recreation development and its impact on the province we would appreciate the opportunity to do so. Consequently we would appreciate your Council postponing the plebiscite until such time as we have had an opportunity to study your development. I realize, of course, that

you may feel that you are committed to the plebiscite at this time, in which case you would have to proceed. However, if you feel that the plebiscite could be delayed without impairing your commitments to the electorate your consideration would be helpful to us."

Sincerely yours,
Horst A. Schmid,
Minister of Culture, Youth
and Recreation.

Council felt this was a very reasonable suggestion, and in view of the fact the provincial government does supply considerable funds to the Regional Recreation Council, the decision was made to defer the plebiscite until the government has had time to assess regional recreation.

I am sure we are all thankful the teacher strike is over, and our schools are back in operation. The School Committee is most appreciative of the strong support given them by the ratepayers and parents during this most trying time. The additions to the Spruce Grove and Winterburn schools have finally commenced. As well approval has been received for a new elementary school in the Brookwood Sub-division in Spruce Grove. Hopefully we will eventually catch up with our exploding population. The new Junior High in Stony Plain is now in use and the new High School in Drayton Valley should be in use by November 15th. Official openings will be announced at a later date.

I would like to congratulate the members of the School Committee elected in the recent town and village elections: Mrs. A. C. Kitzinger, Stony Plain (acclamation); Mrs. E. P. Howery, Spruce Grove; Mrs. Amelia Clark, Entwistle; and Mr. Kees Krabbe, Drayton Valley; and especially welcome the new members. We also, I feel, owe a vote of thanks to Mr. Tyler and Mr. Gylander for having served their respective areas so faithfully this past term. As of this writing, nominations have just been filed for the County elections November 26th. The following have filed papers:

Division 1 - D. Thomas, R. Bailey, R. Abraham, T. Pilz, E. W. Hillyer; Division 2 - William Rolls, L. Miller, Ross Pearson; Division 3 - Doug Laurie, P. Bakker, S. Pickering; Division 4 - H. Tyrell, R. Atkins, J. Regamy, L. Rowe, J. W. Fuhr, P. Gray, T. Rowe; Division 5 - A. Reich, A. Lenz, J. Ferrier, G. Mann, M. Grande; Division 6 - Carl

Congratulations to Mr. and Mrs. Allan Buckler on the recent birth of a son.

Congratulations also to Mr. and Mrs. Dale Hoople on the birth of their second son, born recently.

The Elks whist which was held on October 23rd had six tables of players. The winners were: Men, 1st, Roy Hadley; 2nd, Mr. Gay; and consolation, Lawrence Anderson.

Ladies: 1st, Lil Hanson; 2nd, Addie Burke; and consolation, Mrs. Gay. The door prize was won by Mrs. Stella Hale. The next whist will be held on November 13th and 20th for November only.

The proceeds from the Community League Bingo which was held on October 20th were turned over to the library. The library board wish to thank all who supported and helped in any way.

Mr. and Mrs. Oliver motored to Edmonton on October 17th to visit with an old friend of theirs, Mrs. F. Astle and her son Odie.

In October a farewell party was held by the community for Mrs. Ethel Rhodes who has left to make her home at Williams Lake, B.C.

Whist was played and the winners were: Ladies: 1st, Mrs. Stewart; 2nd, Mrs. Messenger;

Gortz, Del Gainer; M. McCullagh and Division 7 - Ivan Vowk.

I would like to welcome the new candidates and express appreciation for the interest shown in the affairs of your County. Congratulations also to Mr. Vowk on being elected by acclamation to serve Division 7.

I would urge all of you to meet your candidates and exercise your franchise November 24th. Lists of pollings, times etc. will be appearing in this newspaper.

Sincerely,
Les Miller,
Reeve.

ENTWISTLE NEWS

People from Entwistle, Evansburg and the surrounding area are welcome to use our facilities. Coffee, tea and lunch was offered to all who came. The money doll was raffled and won by Betty Sutherland.

The library board wish to thank all who helped and donated of their time as all this was voluntary work.

Shown here at the recent Recreation Board Members Workshop at Camp He-Ho-Ha are Mrs. Nora Plewis, Rocky Rapids, Mr. Bill Nikolyuk, Wildwood, and Mr. Nigel Aspeslet, Evansburg. The conference enabled board members from a wide area to meet and discuss common problems and solutions.

Recreation Board Members Discuss Common Problems

From Friday, October 15th to Sunday, October 17th, thirty-two Recreation Board members from an area west and north of Edmonton gathered at Camp He-Ho-Ha at Lake Isle. The purpose of the conference was to enable recreation board members to meet each other to discuss problems they are encountering in providing a recreation service in their own communities.

They concentrated on six major areas of concern: formation of recreation boards at different

levels of government; co-operative working agreements from local interest groups through the various levels of recreation authorities; responsibilities of recreation board executives; recreation board financing; leadership training; and facility planning and maintenance.

As well as these concerns, local problems were discussed at length, with many answers coming from within the group itself. This conference was planned totally by recreation board members.

The two major recommendations resulting from the weekend conference were: pre-planned budgeting is a necessity for any recreation board to function properly; and boards should be encouraged to utilize the financial assistance available to them from the provincial government for the training of recreation leaders.

Special guests included: Dr. Elsie McFarland, Director Recreation Branch Culture, Youth & Recreation; Mr. Lisle Thomson, Supervisor, Recreation Education Recreation Branch, Culture, Youth & Recreation; Syd Moore, Roving Consultant, Recreation Branch, Culture, Youth & Recreation; and Mr. J. W. Riddel, Supervisor Community Recreation Services, Recreation Branch, Culture, Youth & Recreation.

Resource people included: Mr. Brent Earl, Leadership Development Specialist, Culture, Youth & Recreation; Mrs. B. Stambach, Recreation Superintendent, M.D. of Westlock; Mr. C. Armstrong, Assistant Superintendent of Recreation, County of Parkland; Mrs. Jean Proft, Recreation Director, Town of Barhead; Al McRoberts, Area Recreation Consultant, Culture, Youth & Recreation; and Four recreation administration students from the University of Alberta who acted as discussion leaders.

THANK YOU

On behalf of the Rebel Hockey Club we would like to thank everyone who donated to this year's programs. We feel we have the best program in the league, and due to the generous support, we are able to hand these out free at all regular league games.

We expect to field another good team and give the people of Drayton and district many hours of good entertainment.

Education Notes

FROM THE
SUPERINTENDENT'S DESK

BROOKWOOD PARK ELEMENTARY SCHOOL

The School Committee recently received approval from the Department of Education to construct a new elementary school in the Brookwood Park subdivision at Spruce Grove. The school will be built to accommodate 480 students and will include seventeen general classrooms, a 3840 square foot gymnasium, a science experience classroom, an infirmary, a library and the necessary office space. Additions to the school will be made as required and it will eventually have twenty-four classrooms.

SCHOOL ENROLMENTS

A total of 5,626 students are attending the County schools this Fall. In addition there are 500 students attending St. Anthony's and St. Matthew's Schools, bringing the total number of students in the area to 6,126. This figure compares with 5,760 students at the end of the last school year. The largest elementary school population is at Drayton Valley with 774 students registered in grades one through six. The largest high school population is at Stony Plain with 638 students in grades ten through twelve. There are 548 school beginners this year and 322 students in their final year of school. Student populations in the various schools are as follows: Drayton Valley Junior High - 380; Drayton Valley Senior High - 405; Duffield - 151; Entwistle - 228; Keehills - 62; Lodgepole - 62; Seba Beach - 330. Spruce Grove Elementary - 420; Spruce Grove Upper Elementary and Junior High - 626; Stony Plain Elementary - 643; Stony Plain Junior High - 315; Tomahawk - 115; Wabamun - 142; and Winterburn - 385.

PERFORMANCE - LEASING INNOVATIVE PROJECT

The County of Parkland No. 31 is participating in a research project that will attempt to remove the legal and administrative uncertainties that hampered large scale co-operation between school systems in the past. Its main purpose is to conduct an experimental method of supplying equipment and program packages to industrial arts classrooms by increasing the cost-effectiveness over present methods. The project will combine the efforts of the Counties of Leduc, Beaver, Strathcona, Parkland and the Edmonton Separate School Board by seeking an effective solution to common problems. The participating agencies will employ a unique combination of performance-leasing and maintenance-contracting in the experiment. The \$15,500.00 cost of the planning and development is shared with the Government of Alberta paying 50% and the remainder is shared by the participating school systems.

CO-ORDINATING COMMITTEE

The first meeting of the Co-ordinating Committee has been postponed from last week to sometime after the teacher strike. The Co-ordinating Committee was formed earlier this year by the School Committee in a statement of school policy. It was established to facilitate broad participation in policy development and to promote favorable staff-administration-board relations. It shall concern itself primarily with the internal operation of the school system.

Committee members include: Members of the administrative council, Mr. M. Holman, Superintendent of Schools, Mrs. A. R. Myhre, and Mr. R. J. Toews.

Representatives of the A.T.A. as follows: Four teachers appointed by the A.T.A. local; Mr. N. Oakes, Mr. C. May, Mr. D. Wagstaff, and Mrs. L. J. Person; Three principals elected by the Principals' Association: Mr. R. Woods, Mr. C. Ursel, and Mr. J. Hrasko.

Purposes to be served by the committee are:

- To generally co-ordinate various system-wide activities in accordance with policies already established.
- To consider various ramifications related to suggested new

Tattooing Necessary For Delivery of Hogs

After October 31 all Alberta hog producers will have to have their pigs tattooed before they are delivered to a packing plant.

Bruce Jeffery, general manager of the Hog Producers Marketing Board, explains that producers who ship directly to a packing plant will have to do the tattooing themselves. However, truckers and assembly yard operators will continue to tattoo pigs shipped through them.

The packing plants are discontinuing to tattoo hogs for two reasons. The first is to make sure that producers get paid for their own hogs by avoiding any chance of error in identity, and the second is to speed up the handling of hogs at the unloading docks. Speeding up handling will eliminate unnecessary bottlenecks for people delivering hogs.

The equipment needed for tattooing hogs includes a tattooing machine, tattooing ink and a pad or brush. Since these machines have 25 different number combinations, one machine can be used by several producers. It costs about \$43.00.

Tattooing equipment can be ordered directly from Ketchum Manufacturing Co., 396 Berkely Avenue, Ottawa 13, Ontario or through one of the following firms: Mac-O-Lac Feeds, Edmonton Stockyards, Edmonton, Alberta; Market Drugs, 10203 - 97 Street, Edmonton, Alberta; and

Alberta Livestock Co-Op, Calgary Stockyards, Calgary, Alberta.

Mr. Jeffery points out that all tattooing machines must be registered, under the purchaser's name, with the federal department of agriculture. A second-hand machine must also be registered under the new owner's name. This can be done by sending a letter to the Canada department of agriculture's market service at the Edmonton, Calgary or Lethbridge stockyards.

Hogs should be tattooed on the

right side of their bodies and preferably on both sides. Care should be also taken to avoid faulty tattooing which makes it difficult, and often impossible, to identify an animal correctly. Faulty tattooing practices include using broken digits, putting the digits in upside down, putting the digits in back to front (a number that should read 1234, reads 4321), using a dirty machine and tattooing the hog on the left side only.

Agricultural Trade in 1970

Prepared by Alberta Wheat Pool

Canadian agriculture reversed the deficit agricultural trade of 1969 in 1970 when agricultural exports totalled \$1,685 million. This value was second only to the record established in 1966. Agricultural export sales increased by \$474 million over 1969 to establish a record for the largest annual increase in agricultural exports. Imports of agricultural products also established a record high of \$1,283 million but rose only by \$37 million over 1969. The result of this substantial increase in exports and only moderate increase in imports was a favorable balance of \$402 million.

Increased export sales of grains and oilseeds were two major factors acting to create the beneficial trade balance in 1970. Wheat and wheat flour exports were 42% higher at \$744 million. Although this was a substantial increase it was well below the 1966 sales record of \$1,144 million. The calendar year 1970 saw barley exports climb by \$103 million to a value of \$133 million, as barley

sales exceeded 137 million bushels. In the oilseed category, rapeseed exports increased over 150% compared to 1969 and established a sales record of \$79 million with the export of 28 million bushels. Flaxseed showed a small increase but accounted for more than \$55 million with export sales of 19 million bushels.

Agricultural commodities represented over 10% of all exports from Canada. Grain exports, being 82% wheat and 16% barley, were 50% of agricultural exports. Oilseed exports, increasing in recent years, accounted for 9%. Rapeseed sales were 54% of the oilseed export and flaxseed was 38%.

Four countries were the major importers of Canada's agricultural products. The United States was the largest customer, purchasing 20%, the United Kingdom brought 16%, E.E.C. countries purchased 14% and Japan 11%. Grain sales to the U.S., principally barley, were a small portion of total Canadian agricultural exports. Canadian grain

made up 43% of U.K. agricultural imports from Canada, being 78% wheat and 22% barley. Oilseed exports to the U.K., mainly flaxseed, were 4% of Canadian farm products imported. The majority of Canadian agricultural sales to European Economic Community nations were grains and oilseeds; 39% were wheat; 22% were barley; and flaxseed and rapeseed were each 11%. Agricultural sales to Japan by Canada were 40% wheat, 12% barley, 8% flaxseed and 21% rapeseed.

Canada's agricultural imports have increased in value in recent years, but as a percentage of total imports, have been declining, to a level of 9% in 1970. The commodities imported in the largest quantities were animal products, vegetables, fruits, and nuts. Grain imports, mainly U.S. corn, were only 3% of farm produce imported into Canada while oilseeds, principally soybeans, were 5%.

In summary, Canadian agriculture achieved a favorable trade balance in 1970. Farm exports represented over 10% of all exports with grain and oilseeds representing 59% of agricultural exports. Agricultural produce bolstered Canada's total exports by more than \$1.6 billion.

C. Willoughby Named Mayor of Entwistle

The organizational meeting of the Entwistle Village Council was held Monday evening October 26th. C. Willoughby was elected Mayor and N. J. Sinclair Deputy Mayor. F. W. Bancroft was appointed maintenance supervisor and will continue to represent Council on the Library Board. C. Willoughby will represent Council on the Regional Recreation Board.

Special committees were appointed to study the feasibility of extending water and sewer lines to the south of highway 16 and to investigate ways and means of improving the swimming pool facility for next season. These committees, it is hoped will be able to gather and study necessary information during the winter and make constructive recommendations to Council in the early spring.

The date of the regular meetings of Council will continue to be the second Monday of each month.

An elderly woman bought two sweaters for her son-in-law and mailed them to him for his birthday. Some weeks later she paid a visit. Being a dutiful and peace-loving man, the son-in-law was wearing one of the sweaters when his mother-in-law arrived.

She immediately glared at him and barked: "What's the matter didn't you like the other one?"

TOMAHAWK NEWS

John Witik of Kamloops dropped in at Lukaniuk's on Friday, October 22nd. John and Bill were neighbors at Magnolia until World War II. They were in England and Italy together. After the war, John Witik moved to Chilliwack and is now at Kamloops. Bill, John, Walter Rosau and Dan and Dale Schadeck spent the weekend hunting.

Those of you who might remember Jim and Shirley Anderson, who lived in Tomahawk awhile back, will be interested to know that they now have a baby girl, Rene Dawn, born October 20th and weighed 8 pounds, 10 ounces.

And you will also remember Ruth and Glen McFarlene. Mr. McFarlene is a former grade nine teacher here at Tomahawk. They moved to Fort Saskatchewan when they left Tomahawk and still live there. Mr. McFarlene is now retired. Ruth and Glen were weekend guests at Fin and Ellen Shaw's. The Tomahawk Lutheran Church now has a Teen Choir. There are about eighteen singers and Rev.

Mohr invites anyone else that would enjoy singing, especially bass voices. The choir singing is very much enjoyed by the congregation. Many thanks to them all.

The Tomahawk Ladies' Aid held their October meeting at the home of Mrs. Lemke on the evening of October 28th. Eleven members and one guest, Mrs. Hutchinson, were present. They are making plans for their bazaar and bake sale to be held on December 4th at 1:30 p.m. at the community hall.

Coming Events to watch for: a Whist Drive at the Tomahawk School Saturday, November 6th at 8:00 p.m. sharp sponsored by the community library; The Uniform dinner at Wildwood November 6th. Phone G. Jouan for more information; and Social Evening on November 20th sponsored by the Tomahawk and District Club. The music will be supplied by the "Twilight Ramblers".

The potato, generally down-rated as a source of protein, has gained status following studies by Dr. M. S. Kaldy of the Canada Agriculture Lethbridge Research Station. The protein content of fresh potatoes is only about 2%, but with the water removed it can run as high as 10% -- about equal to that of most cereals.

Pembina Oval Holds Wind-up Program

The Pembina Racing Oval held its last races of the 71 season on Sunday, October 10th. There were six cars that came up from Drayton Valley and six cars from the Pembina Club.

The attendance was very good and we thank the public for supporting us and we hope to see you all again in the spring.

A total of fourteen races were run, highlighted by a 30 LAP race sponsored by Ternoway's Hardware of Evansburg. An exciting race was provided by V8 cars from the Triple B Stock Car Club of Drayton Valley. The winners of the races were: Powder Puff, Mrs. Judy Jevne; Mechanics Race, Marvin McDonald of Drayton Valley; Other winners were, Gordon Hunt, Drayton Valley; Dail Platz, Drayton Valley; Bill Kovak, Drayton Valley; Wayne Johnson, Wetaskiwin; Rick Peden, Hilmer Hofmann, and Walter Hofmann. The winner of the 30 lap race was Rick Peden, who ran an excellent race, and came in 3/4 of a lap in front of the 2nd place car of John Blades. 3rd place was W. Hofmann and 4th was H. Hofmann.

All people interested in the club are invited to attend the annual meeting on Saturday, November 18th at 8:00 p.m. in the Entwistle Fire Hall.

Mr. and Mrs. Simon Field attended the graduation of their

daughter Marilyn which was held at the Jubilee Auditorium on October 20th. She graduated as a nurse. Congratulations Marilyn.

A retailer wrote to a wholesaler to order a truck load of goods, but the firm immediately wired back: "Sorry, but cannot ship you your order until last consignment is paid for."

The retailer wired back the following reply: "Can't wait that long, Cancel Order."

Khrushchev's Wife

Khrushchev's first wife, we are told by John Nobel, a prisoner of 13 years in Communist prison camps, spent 8 years in the concentration camp of Potma, Russia. She was placed in prison by her own husband.

John Nobel adds that his wife was a Christian and was praying for Khrushchev. Khrushchev was touring the United States shaking hands and exchanging smiles with Americans. His own first wife, though, and thousands and thousands of Christians were tortured to death in Communist prisons.

A moving account of their courageous faith and stand for the Lord is contained in the book *TORTURED FOR CHRIST*, by Rev. Richard Wurmbrand, a best-seller in 27 languages.

COUNTY OF PARKLAND NO. 31

NOTICE OF ADVANCE POLL ELECTION OF COUNCILLORS

PUBLIC NOTICE is hereby given that an ADVANCE POLL will be held Saturday, November 20th, 1971 from Ten o'clock in the forenoon until Eight o'clock in the afternoon at the following places:

TOWN OF STONY PLAIN - County Office
 TOWN OF DRAYTON VALLEY - County Office

This Advance Poll is for the purpose of receiving the vote of qualified electors

(a) who have reason to believe that they will be absent from the County area during the whole time fixed for the election, or

(b) who by reason of physical disability find it impossible or extremely difficult to attend on the regular polling date, or

(c) who are election officials that have been given a certificate by the returning officer entitling them to vote under Section 78(5) of the Municipal Election Act.

Dated at Stony Plain, Alberta this 28th day of October A.D., 1971.

O.W. SCHUSTER
 Secretary - Treasurer
 County of Parkland No. 31

KNOW YOUR SCHOOLS

Question: What is the compulsory attendance age in your schools?

Answer: According to the School Act, every child who has attained the age of six years on September 1 and who has not attained the age of sixteen years must attend school unless excused for some specific reason. A child may be excused from attendance if a Superintendent certifies that the student is under efficient instruction at home or elsewhere, or if he is unable to attend by reason of illness or other unavoidable cause. A student may also be excused if the Superintendent is of the opinion that no suitable program of instruction is offered for a child who is fifteen years of age. The School Act also allows the School Committee to lower the school entrance age. Under

this provision, the County of Parkland, for example, admits children who reach six years of age before the end of February.

Question: Who has the responsibility of enforcing the provisions relating to compulsory attendance?

Answer: The County of Parkland No. 31 has an attendance officer who investigates cases of truancy. He has the authority to send a student suspected of truancy home or to school and accompany him for that purpose; and may at his discretion, institute legal proceedings against any person who contravenes or who assists in a student contravening the provisions relating to compulsory attendance. Before such action is taken, every other pos-

sible means is employed to get a child back to regular attendance. Parents, teachers, and the student are all involved in any decisions made.

It is common practice to discontinue family allowance payments when a child is inexcusably absent from school for an extended period of time.

APPLE MAGIC

How do you use apples at your house? Apples add magic to a meal - whether rawed, baked, pouched, sauteed, pureed or stewed. Nature achieved a masterpiece - beauty of form and color, appetizing aroma, crisp juice texture and delicate flavour in an apple.

GRADING

Apples are graded into three categories (1) Canada Extra Fancy (2) Canada Fancy (3) Canada Commercial according to maturity, color and freedom from defects.

AN APPLE AND ME

Eating generous quantities of apples make an important contribution to the diet. The sugar supplies the body with energy. Apples contain some minerals and vitamins varying according to storage conditions and the way the fruit is served. Apples also provide stimulating acids, juices and bulk with aid in good digestion and intestinal activity. Lets not forget the good exercise they provide for the jaw.

- Delicious - red is crisp, juicy and sweet. Popular for out of hand eating.

- Winesap apples are firm, crisp, very juicy and have a pungent - winelike flavor.

- Rome Beauty is considered a cooking apple. Its flavor is medium to tart.

- Newton is a juicy tart, firm and crisp apple. It is an all purpose apple, frequently used for pies.

There are of course, many other varieties of apples available throughout the year.

ANY TIME IS APPLE TIME

Apples can be served in many ways. In salads in combination with cabbage, carrots and celery; pork or ham; tuna or salmon or peaches and pears. All salad ingredients should be well chilled. Avoid the darkening of apples by last minute preparation or mixing with fruit juices like lemon. Add interest to salads using bacon chips, raisins, green pepper or candied ginger.

Apples can be served as a classic dessert with an assortment of cheeses such as Cheddar, Camembert or Gruyere.

Baked apples are a simple yet delicious dessert. The apples are corred, the cavity filled with sugar dotted with butter, then baked for 45 minutes in a 375°F oven in a pan with a small amount of water.

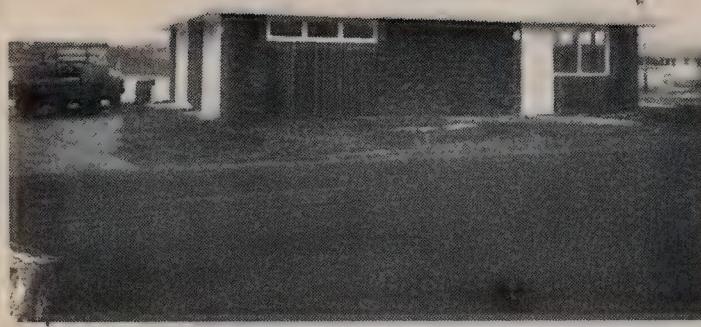

Apple upside-down cake is a favorite at our house. 6 apple rings are placed in a cake pan with butter and brown sugar and covered with gingerbread or plain cake batter and baked.

Do not forget the apple relishes, rings, sauce and many delicious ways to serve.

We have an excellent Canada Department of Agriculture publication "Apples" which anyone can write for free at Box 510, Stony Plain.

MAGNOLIA NEWS

Congratulations are extended by all the community to Janie McCracken and Jim Gilbert who were married recently. October 16th was the happy day when Janie became Jim's beautiful bride.

Another local couple chose October 16th as their wedding day. They are Mr. and Mrs. C. Christensen who were married thirty-eight years. Twenty-five neighbors gathered at the Christensen home during the evening of October 16th to visit and to wish many more years of wedded bliss to Mr. and Mrs. Christensen.

Birthday greetings go to Robert Chechotko who celebrated his third birthday on October 24th.

Betty Strangway returned on October 23rd from a weeks visit with Dean in Winnipeg in time to attend the 4-H banquet with her three sons. At this banquet which was held in Sundance, Kevin Strangway received his trophy for showmanship. Congratulations. The Strangway boys had as their guests at the banquet, Mr. and Mrs. Randak, Cameron Deardoff and Darryle Bender.

Charles and Kathy Churchill of Calgary spent the October 16th weekend with Mr. D. Churchill.

Cecil and Marie June celebrated their thirty-third wedding anniversary on October 22nd with Maxine, Glynne and Devon of Jasper. Congratulations from all of us.

The ladies club held their monthly meeting at Betty McDougall's home on October 13th with eight ladies present. Vera Hampton was the co-hostess. Doreen Thomeus received the tea prize.

A bridal shower was held in the community hall to honour Gene Penman (nee Anderson) during the evening of October 22. Those who helped Gene open her many gifts were her sisters Sybil, Iona and Connie also Karen Jenkins of Edmonton. Tammy, Gene's youngest sister passed the gifts to the head table so Gene could open them. Also seated at the head table were Marjory An-

derson, Gene's mother and Mrs. Penman, Lee's mother. When all the gifts were open and admired Gene graciously thanked everyone for them. She also thanked the ladies who put the shower on for her. Lunch was served after which the bride's cake was cut and personally passed by Gene.

Mr. Fritz Gylander and Mrs. Jenny MacLeod paused for a brief visit at the W. Campbell home during the weekend. Mr. Gylander asked me to say "hello" to the folks he knows.

A large crowd gathered at the Magnolia Hall during the evening of October 23rd to surprise Mr. and Mrs. John Waddell Sr. with a silver wedding anniversary party.

The twenty-five year bride and groom were escorted to the hall by their daughter Mary, son John and daughter-in-law Barbara. The head bridal table where Mr. and Mrs. Waddell were seated was decorated in pink and white

and centred with a three tiered wedding cake. The wedding cake was daintily iced in white with silver leaves, a silver twenty-fifth cake top decoration and white swan pillars between the tiers.

Sandra and Tammy Gylander charmed the crowd with a duet the "Anniversary Waltz". Mr. and Mrs. Waddell were presented with gifts from the community and relations. The thank-you speech was followed by a toast to the bride and groom after which the entire crowd sang "Our Best to You".

Glenda Bender with her family spent several days visiting relatives in this region.

Two of our local gentlemen are hospitalized in the Misericordia Hospital. They are Mr. Rudolph Gylander who is recovering from surgery; and Mr. John Waddell is now a patient. We wish you both a speedy recovery.

MINOR HOCKEY CORNER

Twenty-one teams playing under the Minor Hockey Association will begin league action this week. Coaches and players are reminded to keep their eyes posted to the bulletin board at the arena for any sudden changes that may be made in the schedule. Due to the limit of ice time all players are reminded to be ready for action at the time they are scheduled for, in this way no waste of valuable ice time will be given up.

Last years Provincial Champs, Burrows Motors Challengers dropped their first exhibition game to the Edmonton "A"s 5 - 4 in a closely fought contest, playing with only 6 of last years regulars the team put on a spirited performance, but were hampered by a rash of penalties, leading until the last period, the shorthanded team could not stand the pace of the fast moving Edmonton Club. Next home game for the Challengers will be Sunday afternoon at 4:00 p.m. against the Red Deer Bantams.

The Roses Well Service Clippers will be playing in the Central Alberta Midget Loop, the team under the direction of Orest Hayday and Sam Belcourt are expect-

ed to be a very strong Midget entry for the league. The league opener for the Clippers will be Sunday, November 14th at 4:00 p.m. against Innisfail, they will be playing exhibition games before this time.

Hockey fans are reminded to help boost the Minor Hockey for Drayton Valley by buying a Booster ticket, which allows your family to see all league games of the Minor Hockey Association. Tickets are available at the arena and from any executive member.

We welcome the following new sponsors into the Minor Hockey League, Norette, D.V. Ford Mercury Sales, Parkland Maintenance Ltd., Tower Trojans, Braider and Electrical Contractors.

Help support our youth - Be a Minor Hockey Booster.

LOGEPOLE NEWS

Sod-turning for the new Evansburg high school took place recently with Mayor Guy Dompnier (L) and School Trustee Fred Fausak preparing for the ceremony. High school Principal John Keast (R) and interested spectators were on hand for the event. In the lower photo Mr. Fausak turns the first sod to get the project underway.

Educational Programs Planned at Evansburg

On Monday, November 8th, at 7:30 p.m., an educational program will be held in the Evansview Elementary School gymnasium to inform parents of changes in the elementary school reporting procedure. The evening will be started with a coffee party and

meet the teachers period followed by the inservice.

The new reporting procedure will feature the parent-teacher interview as the most important method of informing the parents of the student's progress in school. The interview will be supplemented by the report card which has a new grading system.

The grading system for this year will be E., S., and U. The E stands for excellent, S for satisfactory, and U for unsatisfactory. The student will be assigned marks on the basis of his achievement in school work and activities compared to his ability. Achievement is defined as 'what the student is doing now' while his ability is his 'capacity, potential, or measure of what he can do.'

At the inservice parents will be given samples of the new report cards to study and discuss, as well as outlines that can be used for parent-teacher interviews.

Lobstick Club Re-organized

The reorganization meeting of the Lobstick Beef Club was held on October eighth at eight-thirty p.m. in the United Church, basement of Evansburg.

Old business was first discussed and the plans for the banquet were discussed. New business was nominations for club executive. Out of fourteen the following executive was selected: President, Adele Bura; Vice President, Lee Bruner; Secretary, Freddie Hutchinson; Treasurer, Phyllis Bura; Club Reporter, Lynn Bura; Leader, Mrs. Hutchinson; and Assistant Leaders, Mr. and Mrs. Bruner.

COMMENTS ON
FIRE PREVENTION WEEK

If no fires or injuries occurred in your community during Fire Prevention Week, be thankful. Not all areas of Alberta were so fortunate. Most fire departments had special activities to alert the public about ways to remedy fire dangers and certainly most people did the right things and avoided fires.

But still, 58 fires caused a \$436,785.00 loss and two people were burned to death and one injured. This week was disastrous. Last year on this week there were no deaths or injuries, 35 fires and a loss of \$87,000.00. In 1969 there were two deaths, 1 injury, 37 fires and a \$21,000.00 loss.

The loss of life continues the often repeated human error of smoking in bed while intoxicated in one case and the misuse of gasoline as a cleaning solvent in the other case. Large losses in commercial properties boosted the fire losses but 17 out of the 58 fires were in residential property. The most frequent known causes were children with matches 8 fires; cars back-firing 7; smoker's carelessness 4; arson 4; and electrical fires 4.

A special contest for school children during Fire Prevention Week was aimed at preparations necessary for home exit drills in case of a fire.

Faulty Stamps Circulating

OTTAWA -- An undetected manufacturing flaw has resulted in the issue and sale of at least two partially imperforate sheets of the Maple in Spring stamp. They were among the total issue of 26 million stamps of this de-

An optimist is a bridegroom who thinks he has no bad habits.

LITTLE SPORT

sign which were released on 14 April this year.

The stamps were supplied to post offices in sheets of fifty, comprised of five horizontal rows of ten stamps per row. The four upper rows are not perforated and the bottom row is perforated along the bottom edge only. The two faulty sheets are identical in this respect.

No faulty sheets have been recovered by the Post Office. However, specimens from the two sheets have been examined with a view to ascertaining as accurately as possible the cause of the manufacturing fault. Steps have been taken to prevent as far as possible a repetition of the mechanical error. Based upon the evidence examined and the mechanical processes involved, it is possible that two to eight additional, similarly faulty sheets may exist.

Only two comparable errors in Canadian stamps have escaped detection in recent years. They were the 1969 Christmas issue and the special issue commemorating the opening of the St. Lawrence Seaway in 1959. In both cases the few faulty stamps are valued by collectors in four figure amounts.
